MOST PROUD OF

Best Student Project
COVID-19 and Pneumonia Detection System Using Artificial Intelligence - The University of Dodoma Awards - 2020.

Fourth Postion Winner
COVID-19 and Pneumonia Detection System Using Artificial Intelligence - UDOM-CIVE Day 2020.

Fifth Postion Winner
LUKU Minimum Unit Detection and Notification System Using GSM - UDOM-CIVE Day 2020.

SO FAR PROJECT EXPERIENCE

- **Improving Pharmacovigilance Systems using Natural Language Processing on Electronic Medical Records.**
- **COVID-19 and Pneumonia Detection System Using Artificial Intelligence.**
- **LUKU Minimum Unit Detection and Notification System Using GSM.**
- **Automatic Data Analysis System.**

SOFTSKILLS

- **Public Speaking**
- **Project Management**
- **Communication**
- **Marketing**
- **Presentation**

STRENGTHS

Hard-working (18/24) | Persuasive | Motivator & Leader | Work Under Minimum Supervision | Great Team Player & Communicator | Product Management & Logic Designer
